Productomschrijving

Riex ND30 Double Wall Slide, Basic Drawer Upgrade your storage solutions with the Riex ND30 double-wall basic drawer system. This comprehensive kit is designed for smooth operation and robust performance. Key Features: Complete Package: Includes side panels, slides, front and rear panel brackets, cover caps, and screws for hassle-free assembly. Soft-Closing Mechanism: Ensures smooth and quiet drawer closure for enhanced user experience. Enhanced Load Capacity: Handles up to 40kg, ensuring strength and reliability for heavy use. Adjustable: Features openings for easy front panel adjustments—both vertically and horizontally. Effortless Assembly: Requires minimal preparation, with simple cut-outs for the base, back, and front panels. The Riex ND30 basic drawer system combines functionality and style, offering a dependable solution for modern drawer construction.
